

CURRICULUM VITAE

Charlie Martial NGOUNOU – Public Sector International Expert, Trainer and Coach

International Expert : Public Finance, Decentralization, Information Systems and Digital Technologies

Tel. +237 69999 7093 – Email. cmngounou@gmail.com – Yaounde, Cameroon

Summary

Since 1998, I have implemented management information system for private companies and development organisations with ERP systems like Sage and Tompro. I have implemented Integrated Financial Management Information Systems for State Governments, Local Authorities and Public Enterprises with SIM_ba IFMIS. I have cumulatively trained and coached more than 10 000 people in public finance processes (budget, program budget, public contracts, accounting, information systems, etc.), decentralization, local governance and leadership/management skills for public sector in various countries in Africa.

I currently lead a team of experts and developers in public finance and digital technologies for Governments, as well as a team dedicated to change management strategies in the public sector using coaching skills and expertise. I am an international expert, trainer and coach for the public sector, recognized by the Worldbank, Expertise France, European Union, Association Internationale des Maires Francophones (AIMF), International Budget Partnership (IBP), Global Initiative for Fiscal Transparency (GIFT), International Aid Transparency Initiative (IATI), etc.

Period	Positions
2021 - Ongoing	Africa Director, Teamcoach International (TCI) - https://teamcoach.com.my/ Teamcoach International (TCI) is a coaching company founded in 1999 by Captain Shan Moorthi (PhD). TCI has been promoting IAC Coaching Masteries and certifying coaches globally through its several programmes like Leaders as Coaches, Leaders as Facilitators, and Coaching Culture in Organisations. TCI has signed several partnership with various public administrations and private companies to develop a coaching culture and coaching curricula. TCI is also an accredited school of the International Association of Coaches, offering dual certification programmes to its customers. Some of the partners of TCI are listed below.      Charlie has been recognized as a seasoned and experienced coach by TCI, and was appointed as the TCI Africa Director. TCI has already trained several coaches in Africa, and our goal is to develop strong partnership with the Public Sector in various countries.
2021 - Ongoing	IAC Masteries Practitioner of International Association of Coaching (IAC) – www.certifiedcoach.org Charlie is the Africa Coordinator of IAC. He is responsible for promoting IAC Coaching Mastering and for developing country IAC chapters. Charlie is also a founding member of the IAC Global Sustainability Committee, aiming to develop sustainability coaching among IAC Members.
2024	Member of Faculty – Coach To Transformation (CTT) - https://coach-to-transformation.com/ Coach to Transformation was founded by Rajad Gard, a former Chairperson, ICF Global Enterprise Board of the International Coaching Federation (ICF). Coach-To-Transformation is following its dream-goal to be a global company taking an undiluted and unwavering footing as an established part of the Coaching ecosystem in the world. In-line with the gold standards set by the industry body – The International Coaching Federation (ICF), CTT offers leadership coaching services, coach-as-a-service, coach training programs and systemic team coaching sessions. This is our way of making an impact on the global coaching community through alignment of value and by representing India well on the global level.
2005 - Ongoing	Founder and CEO of XUXXEX Group A consultancy providing consulting, coaching and training services to public sector and local governments in various domains : Public Finance, Decentralization, Local Governance, Taxation and Resource Mobilization, Public Contracts, Public Sector Technologies, Digital Technologies, Information Systems, Smart Cities Solutions, Technology Project Infrastructures, Data Solutions, , etc.

	XUXXEX Group is the Technical Partner in Africa of the Association Internationale des Maires Francophones (AIMF), to develop and provide SIM_ba Modules for Public Finance and Local Finance, an Integrated Financial Management Information System for countries and cities. XUXXEX Group is currently developing SIM_ba in Cloud and Web Version. XUXXEX Group is the Partner in Africa of Synergy International Systems, a global software development company, for the digitalization of public sector processes. www.synergy.com
2010 – Ongoing	Founder and President of AfroLeadership – www.afroleadership.org AfroLeadership is a panafrican CSO registered in Cameroon and working on Fiscal Transparency, Open Governance, Accountability, Citizen Participation, Civic Technologies, Geospatial Data Governance, Open Data, Smart Cities, etc.
2022 – Ongoing	Governing Board Member and Vice Chair of International Aid Transparency Initiative (IATI) – https://iatistandard.org/en/governance/who-runs-iat/ IATI is a global initiative to improve the transparency of development and humanitarian resources and their results for addressing poverty and crises. It promotes the use of digital platforms and technologies to curate data on development aid for development effectiveness. IATI Secretariat is led by UNDP and UNOPS.
2015 – Ongoing	Peer Reviewer (2015 & 2017) and Principal Researcher since 2019 for the Open Budget Survey with International Budget Partnership (IBP), covering Cameroon and Central African Republic (CAR) – www.internationalbudget.org International Budget Partnership (IBP) is a global network of public finance researcher working for the production and publication of the Open Budget Index (OBI). OBI is organized around three main indicators : Transparency, Oversight and Participation.
	Member of OECD Experts Group on Transparency, ATI and Social Accountability Confirmation The group meets regularly to exchange on some of the most pertinent issues facing policy-makers today in relation to transparent and accountable public decision-making, including the role of ombudsmen in promoting transparency and enhancing algorithmic transparency and accountability in the public sector. It also focuses on the development of an Access to Information Maturity Model and the OECD Citizen Participation Index.
2009 – 2023	International Expert (Public Finance, Decentralization, Local Governance, Public Contracts, Budget Transparency, Digital Technologies, etc.) for International Association of French Speaking Mayors (AIMF) - www.aimf.asso.fr AIMF is a global network of more than 400 cities all over francophone countries. It has built SIM_ba, an integrated financial management information system (IFMIS) for budget, accounting, public contracts, taxation and revenues, etc. SIM_ba IFMIS is used by local governments and central governments.
2018	Member of the World Observatory of Subnational Government Finance and Investment by OECD and UCLG https://www.sng-wofi.org/

		This network of expert assesses Subnational Finance and Investment through a survey with rigorous indicators to compare the performance of countries and cities globally, on how to funds the SDGs and national policies with cities and municipalities.
2015 – 2021	–	Member of the Independent Accountability Committee (IAC) of the CSO Partnership for Development Effectiveness (CPDE) – www.csopartnership.org The CSO Partnership for Development Effectiveness (CPDE) is an open global platform that unites CSOs from around the world on the issue of effective development cooperation (EDC). It strives to make development more effective by reshaping the global aid architecture and empowering CSOs working on the ground.
2021 – Ongoing	-	Africa Representative and PLACE Global Advisor on Digital Rights and Data Rights. www.thisisplace.org PLACE is a global organization providing geospatial data infrastructures to countries in the global south, with a model support national mapping agencies and local private sector with training / technical capacities in Geographical Information Systems, Machine Learning Tools with Geospatial Data, Drones Technologies for hyperlocal mapping, Digital Solutions for Cities and Countries using Geospatial Data.
