PERIODE/ DATE	FRAMEWORK	OUTPUT
September 2014	IRD, HP, ANRS 12302, IFORD, FOCAP ⁵ Upgrade for the Handi-VIH survey	Knowledge and practical guidance acquired concerning the use of tablets for household studies on the vulnerability of persons with disabilities to HIV infection in the city of Yaoundé (Handi-VIH)
July 2013	CARE-IFA/ IFORD Training on Demographic Dividend	Basics acquired on the Demographic Dividend

3. Current Position:

Head of Data Analysis, Publication and Dissemination at the Bureau of Census and Population Studies (BUCREP) since 2024, working there since 2016.

4. Main qualifications

- Manage data collection from design to analysis
- Perform quantitative and qualitative analysis
- Monitor and evaluate projects/programs
- lead research
- Teach

5. Experiences :

1. AS DEMOGRAPHER

Since 2016: Cameroun Yaoundé

Missions/ Tasks carried out: design of studies, Data collection, Supervision and control of collections, data analysis and drafting of comfort letters.

Work carried out related to the 4th RGPH

- Cartography (Training of mapping agents, field supervision for collecting way-points, renewal of Enumeration Zones, infrastructure maps, enumeration of structures and households) supervised in the North-West and West regions;
- Community data analysed ;
- Selection of Agents carried out and Agents trained on the Mapit/geo-location software during the pilot census in Bamuso in the South-West;
- Collection tools reviewed in office and in team;
- Tools and communication plan developed as part of the pooled collection (count) for the 4th GCPH and the GCAL (General Census of Agriculture and Livestock);
- Analysis plans of the 4th GCPH data on Migration and Indigenous Peoples designed;
- Training of Collection Controllers at the Adamaoua region;
- Revision of the cartography as Team Leader in the West of the Country (Ndé-Noun).
- **November 2024-janvier 2025:** Review of the Questionnaire, Training of Investigating Officers, Supervision of a team for the data collection, development of clearance plan and clearance of data concerning the *follow-up survey for the impact evaluation for accompanying measures of the social safety net project with host populations and refugees in Cameroon*; study in collaboration with the Gender Innovation Laboratory of the World Bank.
- **December 2023:** Design, collect, and analyze qualitative data for writing the report of the study on *Women empowerment in Cameroun households*.
- **June-july 2022 :** Design, collect, and analyze qualitative data for writing the report of the study on *Road accidents in Cameroon*.

⁵ANRS : Agence nationale de recherche sur le SIDA et les Hépatites Virales. HP : Handicap International.

IRD : Institut Français de Recherche pour le Développement.

FOCAP : Forum Camerounais de Psychologie

- **June-september 2021** : Review of the Questionnaire, Training of Investigating Officers, Supervision of a team for the data collection, development of clearance plan and clearance of data concerning the *Basic survey for the impact evaluation for accompanying measures of the social safety net project with host populations and refugees in Cameroon*; study in collaboration with the Gender Innovation Laboratory of the World Bank.
- **March-october 2021** : Design, Training of Collection Agents, Supervision of collection, analysis of quantitative data and writing of the report of the study on *Gender and Economic Activities: Situation of Women in Markets in Cameroon*. study in collaboration with UNWomen.
- **2020 (April-may)**: Design, collection, analysis of data and writing of the survey report (on line) *Gender Impact Rapid Assessment Survey GIRAS*; in collaboration with UNWomen.
- **Since 2020**: Design, collection, analysis of qualitative data and writing of the *National Population Report* , every year.

2. AS MONITOR-EVALUATOR

Since 2015 : Evaluation of CODEVIK development micro-projects as General Secretary.

Missions/Tasks carried out: monitor and evaluate progress in implementing micro-projects of the Village Development Committee of Kouti (CODEVIK), consult and decide on projects, monitor their funding, identify difficulties encountered and find solutions, produce the annual report. Voluntary work.

Ref: Cameroon, M. MEFIRE Soulé +237 679 19 67 17; soule_me@gmail.com

2022-2023: Political and economic evaluation of the Moldovan health system; Missions/Tasks carried out: health reports analyzed, SWOT matrix applied to examine the health system, interview guides developed for qualitative data collection. Project led by Dr Angela F. MENDY of the University of Lausanne and Academic fellow of Harvard. Angele.mendy@gmail.com /Angele.mendy@unil.ch

Janv. 2023: Member of the mixed team assessing the government's implementation of the first ten-year plan 2013-2022 of Agenda 2063.

Missions/Tasks carried out: analysis of indicators, identification of difficulties, suggestions, solutions/actions to achieve targets, in each government sector.

2019-2023: Monitoring and evaluation of research and publications for the FOCLID (Development and Climat Forum) /Green Horizon association.

Missions/Tasks carried out: evaluate proposals for the conference, evaluate written articles, and monitor their corrections for publication.

Ref: DIFFO Leclere +237 680 307 765 ; lediffi@gmail.com

March 2014: Member of the design committee for the "Development of the strategic plan of the NGO JVE (association at the time)". Missions / Tasks carried out: Reflection and consultation in team; biannual strategic axes developed.

3. As Supervisor and controller of Investigation Projects (In Cameroon)

March-May 2025: Survey for the Emergency Project to combat the Food Crisis in Cameroon (PULCCA) on *Targeting of the new beneficiaries from flooded areas of the Far-North region*: elaboration of data tool gathering, training of data collectors, monitoring of data gathering, Data management, analysis and writing of the report.

March-May 2024: Data management & analysis of the basic survey for the Emergency Project to combat the Food Crisis in Cameroon (PULCCA): monitoring of data collecting, controlling of data quality, data cleansing, generating of the database, creating of new variables, then data analysis as team work.

Ref. M&E of PULCCA M. Aziz FIFEN MOUNDEN +237 699 436 959; az_fifen@yahoo.fr

August-Sept 2015 Controller during the basic (digital) survey of the Performance Basic Financing (PBF) study in the Far North of Cameroon, by the World Bank and the Ministry of Public Health (MINSANTE), a study of the Ministry of Public Health, conducted by IFORD and financed by the World Bank.

Ref Coordinator of the Survey Dr Hamadou SAÏDOU +237 697 424 232 saidoutheo@yahoo.fr

October 2014: Supervisor of the Sector Assessment Survey of the Humanitarian Response and Complementary Needs of Refugee and Host Populations in the Eastern and Adamawa Regions in 2014 (ESRH2014), by the United Nations Population Fund (UNFPA) and IFORD.

Ref Pr BENINGUISSE Gervais gbeninguisse@gmail.com

May 2014: Controller of the data exploitation operation of the "Survey on health and education expenditure in Bafia (EDSEB)" at IFORD: creation of data entering application with CSPro, monitoring of data entering, data cleansing & generating of the database.

February – may 2014 : Controller of the survey on "mental health in Yaoundé": monitoring of the data gathering.

Ref: WAFFO Uilrich +237 675 584 520 uilrichwaffo@yaoo.fr

4. Special services / Consultations

1. **05 july 2024:** Consultant panelist at the Communication Panel on *Climate change and zoonoses* during the international zoonoses day. Particular contribution on community strategies: methodology and operational plan shared, to communicate and sensitize communities and people on climate changes.

2. **26th june 2024:** Moderator panelist at the *Café de la migration*, organized by the Program for Help to the Return-back home and Reintegration of Diaspora Youth (PARI-JEDI). Missions accomplished: promotion of regular migration, information and sensitization of participants about opportunities, process and facilities for regular migrations, particularly for Canada destination.

3. **05th February 2021:** Presentation followed by exchanges on Irregular immigration and youth: misdeeds and consequences, Invited as a Migration Expert at the conference of the Ministry of Youth and Civic Education (MINJEC), as part of the launch of activities for Youth Week 2021. Missions accomplished: clarification about the subject Guidelines given to young people to cope with migration.

Ref: Coordinator ANSELME EPOKO EPOKO, epokans@gmail.com

4. **November 2020:** Participating in the activities of the World Organization for Migration (IOM) as a Migration Specialist, BUCREP. Missions/Tasks carried out: contribution to the study and enrichment of the report on ethical recruitment and management mechanisms for migrant workers in Cameroon.

5. **06-09 December 2019:** Consultant panelist at the Communication Panel on the Participation of the Diaspora (Youth) in the Development of Cameroon, of the Ministry of Youth and Civic Education (MINJEC), as part of the launch of Youth Connekt activities in Cameroon. Missions/Tasks carried out: exchanges made and practical orientations given to young people.

6. **Octobre 2019 : State of play of illegal migration in Sub-Saharan Africa: the case of Cameroon from 1990 to the present day, Consultation work** presented at the launch of campaign against "The misdeeds and impacts of illegal immigration on youth" (1st Edition), 05-06 October 2019 in Douala, co-organized by civil society Pôle International de Recherche et d'Appui aux Actions du Développement (PIRAAD) and Pour Une Mission Humanitaire (PUMH),

7. Ref: Coordinator ANSELME EPOKO EPOKO, epokans@gmail.com

8. **October 2018 :** National consultation on the *Global Pact for Safe, Orderly and Regular Migration*, consultation organized as a prelude to the Marrakech Pact, by the Ministry of Foreign Affairs (MINREX), and the International Organization for Migration (IOM), with invited state and private institutions.

Ref IOM Officer Leopold DEKOU leodokou@oit.com

9. **May-june 2014 :** Consultant (team) of Greenpeace / PODC (Organization and Community Development Project) for the exploitation of data from the survey "Diagnosis of the MENGANG community targeting the contextualization of the PODC" at the Green Youth Association of Cameroon (AJVC).

Missions / Tasks carried out:

- Counting plan designed;
- Examination and codification of the questionnaires carried out;
- Elaborate mask and seizure program;
- Supervision of data entry;
- Database generated and sanitized;
- PODC staff trained in order to valorize the database for Monitoring and Evaluation and Actions Research.

5. TEACHING EXPERIENCE:

Sept 2025: **Training of Controllers** for the Fourth Population and Housing Census and the General Census of Agriculture And Livestock: explanation of concepts and tools, methodology of data collecting, personal roles and communication aspects taught.

Since June 2024: **Animation of Capabilities Approaches network:** explanations, guides et safe orientations given to understand and use the capabilities approaches applied in research, projects and programmes.

Ref Pr Claudine SAUVIN-DUGERDIL claudine.sauvin@unige.ch

Permanent since 2020 : **Guide and guidelines to young researchers in Freelance.**

Depuis 2024 : **Urban Sociology at the university of Saint-Louis / Senegal:**

- (1) « Extension of town facing urbanization and demographic pressures”: Explanation of causes, facts, diversities, and consequences of African urbanization model on sub-Saharan cities.
- (2) “Tools for Sociology of Intervention”: explanation of differences between Sociological research and Sociological intervention, objectives of intervention, its methods & analysis tools, and its challenges;

Ref : Dr Angela F. MENDY Angele.mendy@gmail.com / Angele.mendy@unil.ch

July 2024 : **Training for clean environment:** theoretical explanations, orientations for good environmental practices shown to the members of AGIAMONDO/Cameroon on “peace and security” network (group of Christians, for Deutsch social help).

Sept-oct 2023 : **Andragogical training of Census controllers** for the *General Population Housing, Agriculture and livestock Census* in Cameroon.

Missions / Tasks carried out: training of enumerators trainers

- Explanation of key organizational set-up and generalities on the census;
- Key concepts of the census explained for the good appropriation;
- Orientations given to understand and master technic documents, expected tasks and data tools collect;
- Guide to recognize the enumeration area limits and to circulate inside for collecting data;
- Process to use and master applications in the smartphone for data gathering, especially MAPIT for spatial orientations and CSEntry for household data;
- Sharing experiences about the best attitudes and behaviour of enumerators;
- Explanation of the communication & sensitization process for the census;
- Practice on the field supervised for communication, enumeration area recognition, data gathering.

December 2022 : **Tutorials courses** on *Migration and Health in an International Perspective* for Master's Students at the Graduate Institute of International and Development Studies in Geneva, Assistance to Professor Angele Flora MENDY :

- Guidance on functional links between international migration and health;
- Methodological orientations according to the research topics;

- Sharing of scientific work related to the theme of International Migration-Health
Ref: Dr Angela F. MENDY Angele.mendy@gmail.com / Angele.mendy@unil.ch
- 2017-2020 : Supervised Work of Doctoral courses in Quantitative and Qualitative Research Methodology in Master, in Geography at the University of Douala.**

Missions / Tasks carried out :

- Courses taught on the foundations, approaches and practices of qualitative methods;
- Courses taught on the foundations, approaches and practices of quantitative methods;
- Guidance given to students to collect and analyze data for their dissertation;
- Guidance given to students to collaborate with their thesis supervisor;
- Personal disciplines and orientations taught to students to succeed in competitions and their academic research.

Ref : Pr NGO BALEPA Aurore abalepa@gmail.com

Octobre 2020 : Upgrade training offered at BUCREP staff in Yaoundé on Qualitative Methods: in association with Astadjam YAOUBA, Sociologist Demographer, PhD student at the University of Yaoundé 1.

Missions / Tasks carried out:

- Courses taught on the foundations, approaches, practices and data analysis of qualitative methods as various forms of Observation, Focus Group Discussion, divers forms of personal interview, life narrative;
- Practical cases presented for each type of qualitative method.

2007-2015: Informal education for Primary, Secondary and Higher Education students.

Missions / Tasks carried out:

- Personal impregnation concerning the psychology of learner and the pedagogical approaches.
- Guidance given to pupils and students to learn the different disciplines;
- Personal disciplines taught to pupils and students;
- Various courses especially Mathematics, French, English, general culture, given to students
